Land and Water Commissioner Luce Tears Out Dr. Young's Dam.

MOUNTAIN DELL DISPUTE

LATTER WAS TAKING 1,000,000 GALLONS A DAY.

Three stury men, acting under in structions of Ben D. Luce, city land and water commissioner, are guarding Mountain Dell creek, tributary to Parley's creek, for the purpose of keeping Dr. Seymour B. Young of Salt Lake City from turning water on his land there, to the disadvantage of the city's water supply.

city's water supply.

Dr. Young is said to have diverted from Mountain Dell creek approximately 3,000,000 gallons of water at intervals during the past ten days. He owns a tract of about 500 acres near the mouth of Mountain Dell creek, with a water right that permits him to irrigate about twenty-five acres, when under cultivation, which they are not at the present time. The city is the chief owner of water rights in the creek.

August 12, Mr. Luce learned that Dr. Young had caused a large quantity of water to be turned on his land. Mr. Luce at once went to the scene and turned the water back into the creek. Last Saturday night he learned that the water had again been turned on Dr. Young's land, and again Mr. Luce turned it back into the creek. Dr. Young's man followed this by again diverting the water to the uncultivated tract of land diverting the water to the uncultivated tract of land.

Told to Keep Water For City.

Mr. Luce then called Mayor R. P. Morris, City Attorney C. C. Dey and Attorney F. S. Richards into consultation with him. They united in urg-ing Mr. Luce to keep the water in the creek at all costs.

creek at all costs.

Accordingly, Mr. Luce and George W. Riter, city engineer, drove up the canyon Monday night and installed an improvised weir to ascertain how much water Dr. Young was appropriating. The device showed that the doctor was taking approximately 1,000,000 gallons each twenty-four hours. The city officials then tore out Dr. Young's dam ficials then tore out Dr. Young's dam and stationed the three men to insure that the dam would not be again placed

In position.

Mr. Luce has had a force of men engaged in cleaning the channel of the creek, diverting the flow of springs to creek, diverting the flow of springs to the stream and taking other measures to make the water supply as large as possible. Acting on the advice of Mr. Richards and of City Attorney Dey, Mr. Luce is prepared to oppose Dr. Young's attempts to irrigate uncultivated land. Mr. Luce has the assurance of the lawyers that Dr. Young has no legal right to use the water except when cultivating the land. has no legal right to use the water except when cultivating the land.

Dr. Young has made several advances to sell the land to the city. It is stated that he asked \$15,000 for it.

GERM DISEASES OF SUMMER

No One Need Fear Sickness if Mi-o-na Is Used.

People with strong stomachs and natural digestion are ordinarily not subject to bowel diseases, diarrhoea, and other germ diseases that are so common and dangerous in the summer

A Mi-o-na tablet taken before each meal will give such health and strength to the weakest stomach that the whole system will become strong and well, and so clean and sweet that there will be no chance for disease germs to become effective.

De no chance for disease germs to become effective.

A great many people imagine that their headaches, dizziness, heartburn, or general despondency and weakness is a sign of fatal illness, when the whole trouble is the direct result of a weak stomach and imperfect digestion. A 50-cent box of Mi-o-na tablets will show by the great gain in health that the stomach is the cause of the poor health, and that Mi-o-na is the only remedy that will drive out all weakness, debility and disease.

Mi-o-na is so nearly infallible in curing the diseases resulting from a weakned stomach, excepting caneer of the stomach, that F. C. Schramm agrees to refund the money should the remedy not give perfect satisfaction.
